. . . in step with the **Green Building** movement world-wide

At **DRI** Green is our Identity

DRI is a fast growing HVAC&R company with a global footprint providing a complete line of desiccant based products and systems for Energy Recovery, Indoor Air Quality (IAQ), Fresh Air Treatment, Evaporative Cooling, Humidification, RH Control and Green Buildings.

Green Building is a global movement and DRI has a growing commitment to promote it further for environmental sustainability. DRI is a founder member of IGBC (Indian Green Building Council) and VGBC (Vietnam Green Building Council) and also a member of USGBC (United States Green Building Council), PhilGBC (Philippines Green Building Council), MGBC (Malaysia Green Building Confederation), Emirates GBC (Emirates Green Building Council) and GBCSA (South Africa Green Building Council).

DRI has played a pioneering role in innovating various new Fresh Air HVAC Systems which help maintain healthy IAQ and also meet today's energy conservation needs. DRI Green Building Products help to maintain Indoor Air Quality (IAQ) requirements and recover energy from exhaust air, resulting in considerable reduction in installed tonnage and utility bills.

They also assist in enhancing Indoor Air Quality (IAQ), maintaining desired temperature and humidity and increasing productivity.

helps XIX Commonwealth Games 2010 Delhi to maintain Healthy IAQ

Dreams, hopes and aspirations have given way to a rock solid and glittering performance by India on the global sporting stage. We are proud to transfer this dream into a reality.

leading Air-Conditioning Companies in the country who have executed various stadium projects.

DRI has installed Heat Recovery Wheels (HRWs) and Energy Recovery Ventilators (ERV) to recover energy and to improve the Indoor Air Quality (IAQ) of all the indoor

As a supplier of Energy Recovery Wheels at Beijing Olympics 2008 indoor sporting venues, Desiccant Rotors International...DRI, the largest manufacturer of Energy Recovery Equipment in India also got an opportunity to participate in XIX Common Wealth Games. DRI has supplied several Energy Recovery Wheels to maintain healthy Indoor Air Quality (IAQ) to

Major Dhyan Chand Stadium

Indira Gandhi Stadium

IGI Wrestling Stadium

Dr. S.P. Mukherjee Swimming Pool

Yamuna Sports Complex

Siri Fort Stadium

stadiums. DRI's equipment have been installed in the following air conditioned stadiums:

- Major Dhyan Chand Stadium
- Indira Gandhi Stadium (IGI)
- IGI Wrestling Stadium
- Dr. Shyama Prasad Mukherjee Swimming Pool
- Yamuna Sports Complex
- Siri Fort Stadium
- Weight Lifting Stadium

Save Energy with highly efficient Evaporative Cooling . . .

The ARCTIC™ Advantage

- Unique design incorporating rigid media **EcoCool™** Evaporative Cooling Pads.
- High cooling efficiency.
- Lowers the fresh air temperature by 7-12°C.
- Compact & sturdy design for rooftop or side wall installations.
- Light in weight.
- Low operating noise.
- Easy to install and maintain.
- Very low running cost.
- Supplement/replace mechanical refrigeration in industrial, commercial, institutional and agricultural applications.

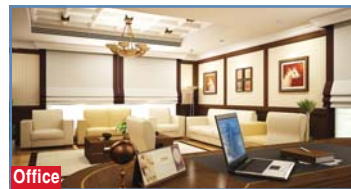

Advantages with **EcoCool™** Evaporative Cooling Pads

-  High Water Retention
-  No Edge Build-up
-  Strong Adhesion
-  High Efficiency
-  Competitive Price
-  Fast Deliveries
-  Fast Technical Support
-  Easy to Replace

Ideal for

Factories, Offices, Malls, Showrooms, Auditoriums, Generator rooms, Power houses, Restaurants, Gymnasiums and other Large Industrial or Commercial areas

Have you already sent in your nominations for

6th Awards for Excellence in HVAC&R

2010-2011

Deadline extended till November 26, 2010.
